Customer No.: 31561  
Docket No.: 13133-US-PA  
Application No.: 10/711, 627REMARKSPresent Status of the Application

This is a full and timely response to the outstanding nonfinal Office Action mailed January 16, 2007. The Office Action has rejected claims 1-4, 6, 8 and 10 under 35 U.S.C. Section 103 (a) as being unpatentable over Ahn (US 6,774,975; hereinafter "Ahn"). Further, the Office Action has objected to claims 5, 7, and 9 as being dependent upon a rejected base claim.

After carefully considering the remarks set forth in this Office Action and the cited reference, Applicant has directly rewritten dependent claims 5, 7, and 9 into independent form (i.e., claim 1, claim 15, and claim 19), and canceled claims 4-9 to more clearly define the present invention. Further, Applicant has added new independent claims 15 and 19 and dependent claims 16-18 and 20-22 that respectively depend upon claim 15 and claim 19. It is believed that the foregoing amendments and additions add no new matter to the present application. After entry of the foregoing amendments, the presently pending claims are in condition for allowance. Reconsideration and withdrawal of the Examiner's rejection are respectfully requested.

Discussion of Office Action Objections

*The Office Action objected claims 5, 7, and 9 as being dependent upon a rejected base claim.*

In response thereto, Applicant has directly rewritten claims 5, 7, and 9 containing allowable subject matter in independent form (i.e., claim 1, claim 15, claim 19) by integrating claims 4 and 5 into claim 1, integrating claims 1, 6, and 7 into claim 15, and

integrating claims 1, 8 and 9 into claim 19 to more clearly define the present invention, which render the objections set forth above moot.

**Rejection under 35 U.S.C 103 (a)**

*The Office Action rejected claims 1-4, 6, 8 and 10 under 35 U.S.C. Section 103 (a) as being unpatentable over Ahn (US 6,774,975).*

In response thereto, Applicant has directly rewritten claims 5, 7, and 9 in independent form (i.e., claim1, claim15, claim19) by integrating claims 4 and 5 into claim 1, integrating claims 1, 6, and 7 into claim 15, and integrating claims 1, 8 and 9 into claim 19, made dependent claims 2, 3 and 10 to depend upon the currently amended claim 1, and canceled claims 4-9, which render the rejections set forth above moot.
